

INTENT TO EARN AA DEGREE
AGS Program

NOTE: This form is intended only for students who had originally applied for the BS degree and have now decided to first complete all requirements for the AA degree. After students have completed transfer paperwork or have transferred to the BS core program, they are no longer tracked for the AA degree and should NOT send this form. Also, this form does NOT take the place of the application for graduation form (to earn the AA degree).

Even though I had originally applied for the BS degree, I now intend to first earn the Associate of Arts in General Studies degree. I understand that my record will now be tracked for the AA degree; however, after I have completed transfer paperwork for the BS program, it will again be tracked for the BS degree. I also understand that I must request and submit the completed graduation application form by the specified deadline for the graduation date of _____ (indicate your anticipated AA diploma/degree conferral date – either May or December and the year you plan to receive the AA diploma/degree).

Signature: _____ Date: _____

Name (printed): _____ ID #: _____

Address: _____
