

## Management Concentration Online

The Bachelor of Science in Business Administration degree program with a concentration in Management equips students for management and supervision of resources and operations in organizations. Effective management requires skilled coordination of people’s efforts and resources to accomplish an organization’s goals and objectives. This concentration maximizes students’ flexibility in career options and develops competencies for advancing into various levels of management positions.

- The requirements for the Management concentration consist of 12 semester hours.

### MANAGEMENT

|   |           |                            |                   |
